

Dear parents,

The Gardner Special Education Parents Advisory Committee is a volunteer organization that serves as a resource and advisor to parents of children with disabilities ages 3-22.

We work with the Gardner Public School Districts administration and educators to identify areas of needs and act in an advisory role to the School Committee and the administration. PAC's are state mandated advisory groups.

Our membership is open to parents (or guardians) of children who have an Individualized Education Program (IEP), 504 or anyone interested in special education in Gardner. We are parents with children who have learning differences. We have monthly educational presentations on a variety of topics and are a resource for support, networking and information organization.

We offer a broad range of information, contacts, networking opportunities. We will help you connect with other parents and professionals dealing with similar issues.
You don't have to do this alone.

Please look for our meeting announcements and educational presentations and we look forward to meeting you.

Sincerely,

Anne Hurst
